*Quantitative Research Course (3) (ORES 5010 or ORES 5150)	MFT 6730 Research Practicum (1)	
	MFT 6870: Clinical Supervision (1)	

Year 3

<i>Fall Semester</i>	<i>Spring Semester</i>	<i>Summer Sessions</i>
MFT 6910: Internship (1)	MFT 6910: Internship (1)	
MFT 6990: Dissertation (1-4)	MFT 6990: Dissertation (1-4)	

***New Course**

Program of study consists of 54 credit hours of coursework and practicums/clinical supervision/internship and 12 credit hours of dissertation research. Internship credits will only be paid credits if the student requires supervision by a program faculty member. Dissertation credits must be taken in the semester that the student defends their oral examination.
